

Slapton Parish Council has allocated a **total** of £500 for y/e 2023-24, which it can contribute towards community projects, initiatives or events.

The applicant must be able demonstrate how funding provided by Slapton Parish Council will be of benefit to all or some of the residents of Slapton Parish.

A grant will not normally be made to organisations outside of Slapton Parish unless there are direct benefits to its residents.

Applications should be made for a 'one-off' grant that will not result in any recurring expenditure for Slapton Parish Council.

When considering a grant application, Slapton Parish Council will take into account whether they have the legal powers to award the grant and if the applicant has applied for grant funding elsewhere.

Application forms must be received no later than 31st November 2023 so that they can be placed on the agenda for consideration in January 2024.

To submit an application, please contact the Clerk for an application form: clerk@slaptonparishcouncil-devon.gov.uk
