

Hi Struan

Thanks so much for getting back to me. It is super news that you would be happy to talk about the experience of developing a Neighbourhood Plan. Our PC are particularly keen to hear about the benefits so perhaps a 20 minute slot at one of the monthly PC meetings would be a good starting point if that could work for you.

We are very lucky to have the wisdom of others, who have been through the process, available to us and are very appreciative of your time so we can be completely flexible. Might you be available to attend either the PC meeting on Monday 8th April or Monday 3rd June? We would put you 1st on the agenda so that you don't have to hang about – although Laurel Lawford might have 10 minutes first, as she has to then go on to other PC meetings. If not, no worries at all as we can arrange a date that works better for you.

Please let me know your thoughts and thank you again.

Best wishes, Bella

Hi Bella

I led on the development of the Stoke Fleming Plan. Happy to talk about the experience. I think it would be feasible to talk about the basics as a PC meeting but if your Council decides it is interested further discussion with a core group might be advisable.

Kind regards

Subject: Neighbourhood Planning Advice

Hi Hannah and Sharon

I hope you are both well on this rather wet Wednesday.

I am contacting you both as Slapton PC is impressed with the Neighbourhood Plans your PC's have developed. They are at the early stages of discussing whether this is something they would like to develop for Slapton. Peter Sandover gave them a helpful talk in January, but they are keen to understand whether your PCs have found having a Neighbourhood Plan beneficial as they would like to determine whether the time and effort required in its development is worthwhile.

I wonder if it might be possible for you to ask any of your Cllrs involved in the development of your Neighbourhoods Plans whether they would mind sparing some time to talk through the benefits with our PC either at a monthly full council meeting (ours are on Mondays) or at another time to suit them?

It would be very helpful to have the perspective of Cllrs that have been through the process already.

Your help with this is much appreciated.

All the best, Bella
