Thanks Jane and I must add a big thankyou to Bella for all her hard work in pulling together the (very!) rough draft that Sebastian and I initially prepared. This is now a workable document that I think is 95% of the way there. Well done Bella!

As both Bella and Jane say, it is now up to us as Councillors to use our local knowledge and contacts to come prepared to fill in the missing spaces at the meeting next month. It's always a risk that gaps remain unless we allocate particular areas to named individuals. I'm just thinking how we can best harness our collective knowledge and expertise. To this end, it may be helpful if Councillors lead on the following areas :-

Joseph/Michael/Isaac - tractors/plant/generators

Ian/Sebastian - properties at risk of flooding

Peter/Jane/Giles - vulnerable people

Ian/Giles - isolated properties

Isaac/Peter - equipment

If we each come with a considered list to the 6th January meeting, we can discuss, refine and pretty much finalise that day. Following this, we need to be in touch with them all for their contact details and permission to include them in the Plan. I would suggest that, rather than Bella take this on, we allocate them within each "sub-team", which will be quicker and spread the workload.

As I say, this is just a suggestion to maintain momentum and have the Emergency Plan completed and signed off soonest. I hope that's helpful but no problem at all if any of you have alternate (and probably better 😊) ideas...

Thanks

Peter

Subject: Re: Emergency Plan Draft

Hi folks,

Having just gone through the Draft Plan, forwarded to us by Bella, I would like to give huge thanks to all contributors so far. It is an amazing start and a top piece of work.

Can I reiterate Bella's request, that we all come prepared to the meeting in January to fill in all of the blanks and resolve any queries shown on the draft.

I think it is particularly pertinent to conclude this exercise following the battering we had had from Storm Darragh at the weekend.

Very many thanks again,

Jane
